## Things You Learn From Your Kids

◆ A king size waterbed holds enough water to fill a 2,000 square-foot house four inches deep. ◆ A three-year-old's voice is louder than 200 adults in a crowded restaurant. ◆ When you hear the toilet flush and the words "uh oh," it's already too late. ◆ A six-year-old can start a fire with a flint rock - even though a 36-year-old man says they can only do it in the movies. ◆ Play dough and microwave should not be used in the same sentence. ◆ Super glue is forever. ◆ Garbage bags do not make good parachutes. ◆ You probably do not want to know what that odor is. ◆ Always look in the oven before you turn it on...plastic toys do not like ovens. ◆ The spin cycle on the washing machine does not make earthworms dizzy.. It will, however, make cats dizzy. ◆ Cats throw up twice their body weight when dizzy. ◆ When using the ceiling fan as a bat, you have to throw the ball up a few times before you get a hit. A ceiling fan can hit a baseball a long way. ◆ The glass in windows (even double-pane) doesn't stop a baseball hit by a ceiling fan. ◆ No matter how much Jell-O you put in a swimming pool, you still can't walk on water. (Pool filters do not like Jell-O.) ◆ Marbles in gas tanks make lots of noise when driving. ◆ The mind of a six-year-old is wonderful. First grade...true story: One day the first grade teacher was reading the story of the *Three Little Pigs* to her class. She came to the part of the story where the first pig was trying to accumulate the building materials for his home. She read, "...and so the pig went up to the man with the wheelbarrow full of straw and said, 'Pardon me, sir, but may I have some of that straw to build my house?'" The teacher paused then asked the class, "And what do you think that man said?" One little boy raised his hand and replied, "I think he said...'Oh, my gosh! A talking pig!'" (The teacher was unable to teach for the next 10 minutes.)

### **POINTS TO PONDER**

To read a book for the first time is to make an acquaintance with a new friend: to read it for a second time is to meet an old one.

*My lifelong love affair with books and reading continues unaffected by automation, computers, and all other forms of the twentieth-century gadgetry.*

(Robert Downs)

A home without books is like a room without windows. No man has a right to bring up children without surrounding them with books. Children learn to read being in the presence of books.

(Heinrich Mann)

### *Friends of the Washington County Library* **NEEDS YOU!!**

For the past 15 years, it has been a privilege and pleasure to interact with other members of "Friends," library staff, and library donors as president of Friends of the Washington County Library, working on book sales and other projects to benefit the library. Now the time has come for new leadership. This will be an opportunity for "Friends" to expand and grow in new directions.

Do you feel a good library is important to the quality of your community for today and the future? "Friends" is searching for a person to lead this organization forward into the future. Both a new president and secretary/treasurer are needed. Are you willing to volunteer your time and talents to this purpose? Please talk to Britton Lund or Grace Mann at the St. George Main Branch for more information. (435-634-5737)

(Thanks to Susan Maptson for all her hard work!)
